

LAUNDRY INSTRUCTIONS

Always refer to care instructions attached to garment. Best results obtained by using recommended dosage.

How to Measure

1. remove cap from measure chamber only.
2. gently squeeze bottle until contents reach desired level.
3. pour into wash and recap measure chamber.

Instructions:

Sheepskin, wool & natural fibres; Use cold or warm water – **NEVER HOT WATER**

Machine Wash:

Top Load: Measure 20mls for small load and 40mls for large load into the washing machine. *Front Load:* use half the quantity. Select wool or gentle cycle and load size. Double rinse

Hand Wash:

Measure 20 ml for each 10lt water into single wash tub.

For larger items, best results will be achieved using a wash trough or bath tub. Place garment or sheepskin into the solution and work it through the article for approximately 5 minutes.

DO NOT STRETCH. Squeeze by hand until clean. Rinse thoroughly with **COLD** or **WARM** water until water is clear.

Drying: Wool & Natural Fibres:

Machine Wash; gentle spin ensuring the load is balanced. Allow to dry away from direct heat or sunlight.

Manufactured by:
TANTECH PTY LTD
181 Williamson Road
Tamborine QLD 4270
AUSTRALIA

Telephone: 61+7 5543 6911
Facsimile: 61+7 5543 6933
www.tantech.com.au

Hand Wash; squeeze excess water – **DO NOT WRING DRY**, allow to dry away from direct heat or sunlight.

Sheepskin; best results are achieved by tumbling dry in warm – **NOT HOT** dryer.

UGG Boots:

Most ugg boots can be washed in a washing machine as per laundry instructions for sheepskin.

Spot Cleaning; Apply a small amount of shampoo to the area to be treated and apply an light even coat.

Using a damp white or dye fast cloth wipe over gently removing soiling. Continue to wipe the surface until all the shampoo is removed. Dry with a dry white or dye fast cloth. Allow to dry.

When dry, apply UGG™ Protector for maximum protection.

COLOURSAFE MAY BE USED AS A LOW SENSITIVE LAUNDRY DETERGENT
